Share your feedback!

We’d love to hear about your experiences at the Early Start Discovery Space

We have been open for over a year and have had over 155,000 visitors through our doors engaging in the power of play! We want to continue to provide fun, educational and engaging experiences for families and invite you to participate in a short survey (approx. 10 minutes) on your experiences in the Discovery Space.

If you can spare a few minutes to complete this online survey we would be extremely grateful. We will also be holding focus groups to give you a chance to share your experiences, ideas, attitudes and motivations for visiting the Discovery Space. At the end of this survey you will be able to register your details if you wish to attend a focus group. These will be held at the Early Start Facility commencing late January and will take approximately 60 minutes. There will be various time slots available over weekdays and weekends. Parking and refreshments will be provided. Please note focus groups are for adults only.

Click [here](#) for the online survey and to register your interest to participate in a focus group.

Please Note

Participation in the survey and focus group is optional.
All survey results will be treated confidentially and individuals will not be identified.
Surveys can be completed without registering for a focus group.
As Focus group numbers are limited, we regret not all people who register will be able to participate.
